VAPOR BATHS.

The inhabitants of Indianapolis and vicinity are also Fancy informed that Dr. Fendery has opened a spacious and commodious Bath Room, effice No. 24% East Washington street, to enable the sick and afflicted to test the efficacy of the Medicated Vapor Baths.
It is not deemed necessary to dilate or in any way enlarge on the remarkable and astounding cures performed through the agency of these baths; the wonderful effect of Fumigation, of reducing medical agents to a vapor and bringing the heated vapor to the surface of the body, has attracted the attention and challenged the admiration of the most distinguished medical men of the age. The Vapor Baths have been introduced by the Court Surgeons, with every royal family in Europe, and have very generally received the plaudits of all classes of patients in humble as well as in the higher walks of life. The Vapor Baths are precisely adapted to every class diseases. In Chronic Skin Diseases, Rheumatism, Dyspepsia, Nervous Headache, Palsy, Lung Disease, or any affection to which the human system is liable, the Baths never fall to afford relief. Suiphur Vapor, for instance, is conceded by the most

prejudiced physician, or the most stupidly ig orant pre-tender, to be the very best remedy ever used for Chronic Rheumatism, all classes and kinds of Skin Diseases and the numerous forms of Catarrh loidine Vapor, with Extract of Wild Cherry, for all forms of Lung or Bronchial Diseases, so with the thousand vegetable extracts, when reduced to a vapor and Dr. THOMAS BOYD says: "I strongly commend it to brought in contact with the skin, or any diseased surface, produces the most flattering and satisfactory results which no other form of medication can possibly attain A trial of these Baths never falls to convince the most skeptical of the wenderful curative power of extracts re-If Fare the same as by any other Route, and the APERIENT in my hands has proved indeed a valuable ease. Vapors penetrate with great rapidity, and soothe irritation and relieve pain, which no medicine taken in duced to a vapor and applied exactly to the spot of dissubstance can reach. The sick and infirm from disease, no matter how long

standing, or what the disease may be, are cordially in-vited to give our Baths a trial. These Baths accelerate the effects of alteralive medicines, drawing disease out of the system, changing the state of the body in constitutional diseases, and increasing the action of the absorbent vessels. The specific effects are: To equalize the circulation of the blood. To promote prespiration.
To remove the effects of mercury from the system.

To promote absorption of dropsical effusions.

To relieve difficulty of breathing and to cure Asthma and other diseases of the Chest and Lungs.

To strengthen the stomach and impart a tone to the digestive organs, and to cure dyspepsia and its consequent disorders. To promote the healing of Scrofulous and Chronic Ulcers, and remove Gouty and Rheumatic Pains and Swellings from the Joints, and to cure Lumbago, Sciatica,

For Quinsey-the Baths never fail to relieve if. For Croup-it may be regarded as a specific. For Whooping Cough-it gives relief. For Measles—a certain specific.
To cure discharges of Blood from the Lungs and other internal organs of the body—it may be relied on.
For Cholera—it is an effectual remedy, as the prespira-

tion is almost instantaneous.

To cure Acute and Chronic Inflammation, the Bath, judiciously medicated, is a certain specific. The Baths have never failed to cure Cholera Morbus. The use of the Baths, (with the aid of anti-Bilions Cordial, made for the express purpose,) is a valuable reme. BARGAINS, BARGAINS, IN They relieve exhanstion, languor and fatigue, raise the pirits, tranquilize nervous irritations, assist digestion and increase the appetite. The Sulphur Vapor Baths are warranted to cure and emove any and all Calices from the Joints. These Baths may be taken at all times and seasons without risk of "taking cold." Office hours from ? A. DIGEST OF THE DECISIONS OF THE SUPREME Court of the State of Indiana, comprising the cases reported in the eight volumes of blackford and the first sixteen volumes of Indiana Reports; together with the Revised Statutes of the State, as embodied in the edition of Gavin & Hord. By Edwin A. Davis, L. L. B. 1 vol. The first edition of this valuable work was completely exhausted in less than three months from the time of publication. A new edition, printed on fine white paper, is now ready. This is one of the most complete and best arranged digests ever published, and has received the highest commendations of the legal profession. The Hon, M. M. Ray says:

"The Digest is as rare in its plan and execution as it is useful to the profession. This is no abridgement of the Reports but a genuine digest of them."
The Hon, David McDonald says: "It is no small commendation of the work that it is a Digest not only of all our Supreme Court decisions which have been published, but also of all the modern statutes
